GOALS

Create common vocabulary and bring everyone up to the present time;

Get functionality, access, security, and funding issues onto the table (not necessarily solve them).

AGENDA

1. Welcome and introduction round-robin.
2. The PAST—Where are we and how'd we get here?
David Gregg, Exec. Dir., RINHS
3. Acquaint you with the current data system.
George Christie, Data Clerk, RINHS
4. Questions so far?
5. The FUTURE—BORIIS2 planning.
David Gregg
6. Any specific questions about this content before we begin a general discussion?
7. Discussion (likely topics include):
 - a. Desired capabilities (data input, storage, manipulation, and output)
 - b. Data standards, security, and privacy (legal requirements, best practices)
 - c. Access (intra-state—remote vs centralized; interstate and regional sharing)
 - d. Technical obstacles
 - e. Funding (for development, for sustainment)
 - f. Next steps/path forward
8. Next meeting
